

**Public Consultation on the Regulations for  
Implementation and Protection of Infrastructure**  
July 2022

**Preamble**

Driven by CITC's role towards maintenance of public interest and maintenance of telecommunication and information technology infrastructure, CITC has prepared a draft "Regulations for Implementation and Protection of Infrastructure" that includes a number of obligations that must be observed to raise quality of implementation and protection of infrastructure works in order to avoid causing damage to public telecommunication networks.

**Objectives**

This document is the first draft regulations for implementation and protection of telecommunication and information technology infrastructure in the Kingdom that aims to raise quality of implementation of infrastructure works, achieve the optimal utilization of limited resources allocated for infrastructure facilities, set governance of and synchronize applications for coordination of excavation and applications for migration and transfer of infrastructure to facilitate implementation of various service projects, in addition to protecting and avoiding causing damage to or interruption of public telecommunication networks in order to ensure continuity and quality of telecommunication and information technology services.

**Participation:**

The selected participants must submit their visuals regarding the aforementioned documents to CITC in no later than August 25, 2022 AD corresponding to 27/1/1444 AH. The opinions, proposals and feedback can be sent using either or both of the following methods:

- CITC Regulations Platform  
(<https://regulations.citc.gov.sa/en/pages/home.aspx>)
- E-mail ([InfraICT@citc.gov.sa](mailto:InfraICT@citc.gov.sa))
- Written handover (hard copy and soft copy) at CITC Headquarters or the following post: CITC – Alnakheel Quarter – At the corner of Prince Turki Bin Abdulaziz Al Awwal Road and Imam Saud Bin Abdulaziz – P.O. Box: 75606 Riyadh 11588 – Kingdom of Saudi Arabia.

CITC urges submission of visuals supported with the required details, justifications, analytical studies, benchmark studies and other information, if any, according to the below form, noting that the visuals provided in this regard are not binding upon CITC.
